Testing environment

Operating system:	Windows 11 (64-bit)
Browser:	Google Chrome V 123.0.6312.58,Firefox v 48.0

Recommendations

- Implement the session link([QATC-837785](#));
- Fix the issues placeholder message ([QATC-838255](#));
- Fix the buttons alignment ([QATC-838024](#));
- Fix the invalid message([QATC-838646](#))

QA team

Company:	a1qa
QA manager:	Kate savenya
QA engineers:	Khaleda Akter Rupa

Additional information

Testing dates:	21.03.2024 - 27.03.2024
Time spent:	30 hrs

Building Champions Client Portal

Product version: 2.0

General quality analysis

The overall quality of the application can be estimated as **Low**. The total number of defects is [17](#). The Critical defects are, [7](#) and the Major severity defects are [5](#) and the Averager severity defects are [2](#). The Minor severity defects found are [3](#). The majority of defects is opened for modules "[Schedule](#)". A detailed quality analysis is presented below.

Detailed quality analysis

The total number of defects by severity

Severity	Count
Critical	7
Major	5
Average	2
Minor	3

The chart shows the statistics of defects by the degree of the negative impact they have on the application. Almost **41.18%** of issues have **Critical** severity and **Major** severity is **29.41%** . **Average** **11.76%** defects prevail.**Minor severity is 17.65%** defects prevail.

The total number of defects by components

Component	Count
Schedule	12
Upcoming Sessions	3
My Information	5
Payment Information	4

The chart represents defects quantity on separate modules. The majority of issues actual in **"Schedule"**

Quality of separate modules

Module	Quality	Comments
Schedule	Low	The quality of this section can be estimated as Low. There are 12 defects were found here. The issue ( <a href="#">QATC-837785</a> ) The "Reschedule link is not working. Email is not delivered while it shows email sent In the "Add Schedule to the Calendar" link( <a href="#">QATC-838043</a> )
Upcoming Session	Medium	In this section 5 defects were discovered during the testing, 3 of them have Major severity . The most important defects are that In the "session details" the users can not save the data if left any field empty ( <a href="#">QATC-838073</a> ) The upcoming session's list is collapsed instead of expended ( <a href="#">QATC-837747</a> )
My Information	Medium	The quality of this section is estimated as Medium. 5 defects were found in "My Information" module. TThe radio buttons are not functioning ( <a href="#">QATC-838664</a> )
Payment Information	Medium	The quality of this section is estimated as Medium. 3 defects were found in "Payment Information" module. There's no validation message appears when a user enter invalid data ( <a href="#">QATC-838666</a> )
